Enabling Visions and Growing Expectations

Envisage Families

ENVISAGE is especially beneficial for parents and caregivers who are relatively new to parenting a child with disability or developmental concern. You can access a fully-funded place in ENVISAGE without needing a diagnosis or NDIS plan. It's an ideal program to learn more about how to best support your child's learning and development, including during everyday family activities.

As a parent/caregiver, **YOU** are the expert on your child and their biggest supporter. Having a child with disability or developmental concern might mean your parenting journey is turning out a little differently to what you expected but ENVISAGE is here to help.

"Meeting and sharing experiences with other caregivers was enlightening and opened up my world as I know I'm no longer alone on my journey." - Parent

ENVISAGE Families Australia is funded by the Australian Government Department of Social Services. Go to dss.gov.au for more information.

ENVISAGE includes practical tools and strategies for supporting your family, covering areas such as:

- Contemporary strengths-based frameworks for thinking about early child development.
- How to find reliable information about evidence-based early intervention.
- Connecting with other parents and caregivers.
- Building strong collaborative relationships with service providers.
